APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,

and do hereby grant the same, subject to the following limitations and

This permit is issued subject to all existing rights on the conditions: source and is limited to what the well will produce but not to exceed 0.20 c.f.s. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level at per- mittees well due to other ground water development in the area. A sub- stantial weir or other type of measuring device must be installed and measurements of water use kept, and a method provided, either air line or opening, for measuring depths to water. The State retains the right to regulate the use of the water herein granted at any and all times. The amount of water to be appropriated shall be limited to the amount

which can be applied to beneficial use, and not to exceed 0.20 cubic feet per second.

Actual construction work shall begin on or before July 6, 1953

Proof of commencement of work shall be filed before August 6, 1953

Work must be prosecuted with reasonable diligence and be completed on or before July 6, 1954

Proof of completion of work shall be filed before August 6, 1954

Application of water to beneficial use shall be made on or before

July 6, 1954. Proof of the application of water to beneficial

use must be filed with State Engineer on or before August 6, 1954

Proof of commencement of work filed JUN 22 1953 WITNESS MY HAND AND SEAL this 6th day

Proof of Completion of work filed AUG 18 1954 of January, 1953

PROOF OF BENEFICIAL USE FILED AUG 18 1954

Certificate No. 4211 Issued

FEB 14 1955
